As we step into International Women's Month, WomenCan, a dynamic empowerment platform, is gearing up to celebrate in grand style with SOWA, The State of Women Address. This landmark event is set to take place on March 8, 2025, and will shine a spotlight on the resilience, achievements, and contributions of women across various fields.

SOWA is a powerful movement dedicated to honouring the strength and determination of women while addressing the most pressing issues that affect them. SOWA provides a platform where voices are heard, challenges are acknowledged, and solutions are explored.

The event will feature influential speakers, industry leaders, and change-makers who are shaping the landscape for women's empowerment. Attendees can expect insightful panel discussions, keynote speeches, and opportunities for networking and collaboration.

What sets SOWA apart from other empowerment events is its commitment to fostering a balanced conversation between men and women. The event recognizes that gender equality and progress are not just women's issues, they are societal issues that require inclusive dialogue and collaboration. By bringing together diverse perspectives from both men and women, SOWA creates a space where meaningful discussions lead to actionable change.

Whether you're an entrepreneur, professional, or student, SOWA is an event for you. It's a chance to celebrate, learn, and be part of a community that believes in the power of women and what they can achieve.
